WORK EXPERIENCE:

● Full Stack Developer - [Project] "Mate: Back in Stock Alerts" 2023 – 2024

- **Rated 4.9 ★ in Shopify app store.**
- Application built for Shopify merchants to increase sales by retrieving lost customers.
- The app adds a button "Notify me" for every product page. Customers subscribe to the app service to get notified when the product they want is back in stock /price drop.
- This project was built with MERN stack and my designing and planning skills. apps.shopify.com/notify-mate-price-drop-alerts

● Full Stack Developer - Conversion Bear (Sold to AppHub) 2021 – 2023 (2.1 yr)

- As a MERN stack developer, I've created intuitive UIs with React and build robust server-side applications using Node.js and Express.js.
- I'm skilled in Redux for state management and have developed APIs for seamless front-end and back-end communication.
- Additionally, I managed MongoDB databases, designed schemas and optimized queries for performance.

● QA Specialist - Orbotech (KLA) 2020 – 2021 (1 yr)

- I took a part in developing new advanced Automated Optical Inspection machines for the PCB industry, wrote test scripts for new app developments, and solved crucial problems for the company by giving my knowledge and investigating issues.

● Manager, Welder - Shilat's Welding 2019 – 2020 (1 yr)

- Involved managing a range of manufacturing projects, building partnership with suppliers, business marketing, and employee management.

● Head of Camouflage Department - [IDF] Egoz Unit 2016 – 2019 (3 yr)

- Completed a range of courses including Anti-terror, Snipers and Commanders course.
- Signed extra time to serve as Head of Camouflage Department where I taught camouflage skills to new recruits, audited equipment, explored, tested, and implemented new technologies.

EDUCATION:

BSc. Computer Science Open University (GPA. 83) 2021 – 2024 (3.5 yr)

- Currently finishing my last seminar in Developing Cloud Applications.
- Completed wide range of courses incl. Algorithms Seminar, Computer Vision, Defensive programming, Software security, Advanced Java, etc.

Nachshon Technology and Science High-School 2010-2015

- 10 points – Computer science (91) + Network Services (100)
- 5 points – Math (97)
- 5 points – English (92)

ACHIEVEMENTS:

Won 1st and 2nd places in Microsoft "Innovate for good" competitions. 2013 & 2014

- I collaborated with a team of designers and entrepreneurs to develop mobile applications aimed at solving problems for associations.

SKILLS:

Proficient in JS, React, React Query, Redux, Node, Express, MongoDB, CSS, HTML, SQL, OOP, Java, C#, C/C++, Python, ASP.NET, Email Campaigns, Computer Vision, Shopify, Git, Ps, ill, Figma, Excel

My key features, I'm Creative, Team player, Hard worker, and Ambitious.

LANGUAGES:

Hebrew: Native,
English: Fluent in speaking reading and writing.
