WORK EXPERIENCE:

● Founder, Full Stack Developer - Zynclabs

2023 - Present (+2.1 yr)

- Founded Zynclabs from scratch and built 5 SaaS apps to promote merchants sales and drive business growth on the Shopify eco system. The company accelerated in 2024.
- Led full-stack development using Node.js, React, MongoDB with microservices, queues and Docker architecture.
- Built AI-powered features and real-time analytics that made the apps more intuitive to use.
- **Rated 4.9/5 ★ in Shopify app store** apps.shopify.com/partners/zynclabs

● Full Stack Developer - Conversion Bear (Acquired by AppHub)

2021 – 2023 (2.1 yr)

- As a MERN stack developer, I've created intuitive UIs with React and built robust server-side applications using Node.js and Express.js.
- I'm skilled in Redux for state management and have developed APIs for seamless front-end and back-end communication.
- Additionally, I managed MongoDB databases, designed schemas and optimized queries for performance.

● QA Engineer - Orbotech (KLA)

2020 – 2021 (1 yr)

- I took part in developing new advanced Automated Optical Inspection machines for the PCB industry, wrote test scripts for new app developments, and solved crucial problems for the company by giving my knowledge and investigating issues.

● Manager, Welder - Shilat's Welding

2019 – 2020 (1 yr)

● Head of Camouflage Department, Warrior - [IDF] Egoz Unit

2016 – 2019 (3 yr)

- Completed a range of courses including Anti-terror, Snipers and Commanders course.
- Signed extra time to serve as Head of Camouflage Department where I taught camouflage skills to new recruits, audited equipment, explored, tested, and implemented new technologies.

EDUCATION:

Computer Science BSc. graduate @ Open University (GPA. 84)

2021 – 2024 (3.5 yr)

- Completed a wide range of courses incl. Cloud Applications (Microsoft internship), Algorithms Seminar, Computer Vision, Defensive programming, Software security, Advanced Java, etc.

Nachshon Technology and Science High-School

2010-2015

- 10 points – Computer science (91) + Network Services (100)
- 5 points – Math (97)
- 5 points – English (92)

ACHIEVEMENTS:

Won 1st, 2nd places in Microsoft "Innovate for good" competitions.

2013 & 2014

- I collaborated with a team of designers and entrepreneurs to develop mobile applications aimed at solving problems for associations.

SKILLS:

Proficient in JS, React, React Query, Redux, Node, Express, MongoDB, CSS, HTML, SQL, OOP, Java, C#, C/C++, Python, ASP.NET, Email Campaigns, Computer Vision, Shopify, Git, Photoshop, Illustrator, Figma, Excel, RabbitMQ, AWS

My key features, I'm Creative, Team player, Hard worker, and Ambitious.

LANGUAGES:

Hebrew: Native,

English: Fluent in speaking, reading and writing.
